

MINUTEMAN HAZARDOUS PRODUCTS FACILITY IN LEXINGTON, MASS. FOR USE BY LINCOLN RESIDENTS

What is the Minuteman Hazardous Products Facility?

It is a regional hazardous product facility currently run by eight participating towns: Arlington, Bedford, Belmont, Concord, Lexington, Lincoln, Waltham and Watertown. The facility will be open the following Saturdays to accept hazardous waste from residents whether you are moving or just cleaning out your home. **ALL RESIDENTS MUST PRE-REGISTER ONLINE BY GOING TO LINCOLN'S TOWN WEBSITE.**

When will the facility be open in 2026?

The facility will be open on the following dates:

Saturday, April 11	9:00 a.m. – 2:00 p.m.
Saturday, May 23	9:00 a.m. – 2:00 p.m.
Saturday, June 20	9:00 a.m. – 2:00 p.m.

Additional dates will be posted as they become available.

Where is the facility?

The facility is located at 60 Hartwell Avenue in Lexington at the Lexington brush drop-off.

How do I register to use the facility?

To pre-register go to the Board of Health on the Town website. The link to pre-register can be found there under "Hazardous Waste Collection". Fill in your information, choose the date you would like and the time slot. You can estimate the amount of waste you will be bringing.

For any questions, you can contact Victoria Benalfew at 781-259-2613 or 781-259-2614.

What kinds of materials will be accepted?

Acceptable materials include aerosol cans (NOT empty), ammonia, chlorine bleach, car products (anti-freeze, solvents, degreasers, gasoline, oil, batteries, brake fluid), cleaning supplies (bathroom, oven, drain), furniture and floor polishes/strippers, herbicides, hobby/artist supplies, lighter fluid, nail polish remover, oil based paint & paint strippers, pesticides, photography supplies, pool chemicals, poisons, solvent adhesives, weed killers and wood preservatives.

What materials will not be accepted?

Latex paint, ammunition, fireworks, explosives, asbestos, fire extinguishers, gas cylinders, empty aerosol cans, infectious & biological waste, medicines & syringes, electronics, construction waste, radioactive materials, smoke detectors and tires.

Is there a limit on what I can bring?

There is no limit but please be efficient. If you only have one can of oil-based paint or a few batteries, please join with a neighbor. The way the fee schedule is set up, the Town would be charged the same rate for one or two cans of paint, as it would be for 12 cans. The count goes by cans and not by amount in each can, which is different from previous years.
