TERMS & CONDITIONS

1. Rebates are available to residential Lincoln Water customers on properties in Lincoln. Applicant must be the owner of the property listed on the rebate application. New construction projects and remodeling projects requiring a building permit do not qualify for rebates.
2. The rebate for WaterSense toilets replacing 3.0 gallon/flush or greater models is \$50. **Applications must be post-marked within 90 days of purchase.**
3. **Toilets must be installed by a Massachusetts Licensed Plumber.**
4. **Applicants must notify the LWD in advance** of their intent to apply for a rebate to ensure that the rebate program funds are still available. If the application has not been received within three weeks, the funds will be released for use by other customers. Applicant agrees and understands that the program may be discontinued and/or the rebate dollar amounts may be changed due to the actions of the Lincoln Water Commission or the exhaustion of program funding, at any time, without further notification to customers possessing outstanding applications.
5. **Applicant is responsible that the make and model # indicated on this application is a USEPA WaterSense-certified high-efficiency toilet.**
6. **The application must include an unaltered dated sales receipt, listing the make and model number.**
7. Applicant agrees and understands that the LWD does not guarantee that the installation of a high efficiency toilet will result in water savings, as site-specific water consumption varies.
8. LWD does not warrant, endorse, or assume liability for the quality, performance, or safety of the contractor and/or retailer or wholesaler, or performance of any appliance or fixture. Acceptance of materials used is solely the applicant's.
9. Applicant agrees to hold harmless LWD, its Commissioners and employees against loss, damage, expense and liability resulting from the loss, destruction or damage to property arising out of or in any way connected with the installation of a toilet.
10. Applicant agrees and understands that LWD or its representatives reserve the right to inspect the installation of the fixture before or after the rebate credit is applied to the applicant's water bill.
11. Applicant understands that LWD may withhold rebate until any or all of the above listed conditions are met.
