Mechanical Notes

Unless specifically noted, this quotation excludes any rigging, labor to assemble or install, start-up, or supervision of start-up and owner instruction. Also unless specifically noted all belt-driven mechanical equipment is supplied with one set of belts and if applicable, one set of filters. Roof curbs and vibration isolation are non-seismically rated unless specifically noted. Starters are not included unless specifically stated. Factory-Authorized Startup services can be provided if required - our day rate is \$1,600.00 per day.

Service Notes

All service quotes are based on the assumption that the jobsite will be in the proper condition and all applicable parties are present. If the above conditions are not met, any additional time spent on the site will be billed at the standard hourly rate as detailed in the Buckley Associates service request form.

Terms & Conditions

** This quote is based on a customer list. Buckley Associates will not be responsible for compliance with plans or specifications **

The above quotation is based on standard factory lead times and a one time release unless specifically noted. Any changes or cancellations made to orders after release may be subject to additional fees. The above quotation is valid for 30 days from the date of the quote. Prices do not include local sales tax. Prices include standard ground freight. All standard terms and conditions of Buckley Associates or the manufacturer responsible for the billing applies. (Copy provided upon request)
