Mr. Robert Domnitz, Chair  
Town of Lincoln Planning Board  
16 Lincoln Road  
Lincoln, MA 01773

Jennifer Glass, Chair  
Town of Lincoln Select Board  
16 Lincoln Road  
Lincoln, MA 01773

Dear Mr. Domnitz and Ms. Glass,

We very much appreciated the opportunity to present the planned Commons expansion project to you and your respective boards in January. The Commons in Lincoln takes great pride in our partnership with the town. We also value our relationship with residents and their families.

We have engaged in several conversations with current Commons residents and it has become clear that more collaboration is required to address certain elements of the project. In order to ensure these critical stakeholders are given multiple opportunities to provide input we need more time than the few weeks before the March Town Meeting allows.

Therefore, we respectfully request to table the Preliminary Development Use Plan Application and postpone Town Meeting consideration for the expansion in the hopes of presenting the project during the Fall Meeting.

On behalf of my fellow Board members, we look forward to a successful project outcome later this year.

Sincerely,

Larry Bradshaw  
Chairman of the Board  
New England Life Plan Communities
